The mission

Our mission is to develop and to provide superior training, education and programs in resource management and related areas that are needed to assist our customers in achieving competitive excellence in a global economy. And to be "future-oriented" to meet changing market and membership requirements and to maintain an eminent position in the marketplace.

The last Board of Directors:

Board Meeting Schedule

Are you interested in helping to plan, organize and set the direction for our chapter? Develop your leadership skills, increase your experience and advance your career. Please contact any Board member via phone, email or at a chapter event any time to express what you are most interested to be involved with and start participating today!

Are you curious, but still feel unsure about how to proceed?

Join us at a Board meeting, held the first Tuesday of each month, beginning at 5:30 p.m. Chapter members are invited to attend by calling John Janus at 413-289-1866 or Jack Perazella (413) 527-2842, at least one week ahead to confirm your intention to attend.

The last Student Case Competitions:

STUDENT CASE COMPETITION

APICS Northeast District Student Case Competition

6th Annual Student Case Competition February 7th and 8th, 2014
Marriott Hotel Albany, NY

On behalf of all of the participants from UMASS Amherst this weekend, we would like to thank you for supporting us in attending student case competition over the weekend. The feedback from our teams was very positive and all felt that their participation was rewarding. It's awesome that APICS has been able to help us receive real exposure to business problems and help to challenge them outside of the classroom.
